

Have a healthcare career without being a nurse or doctor!

Choose an

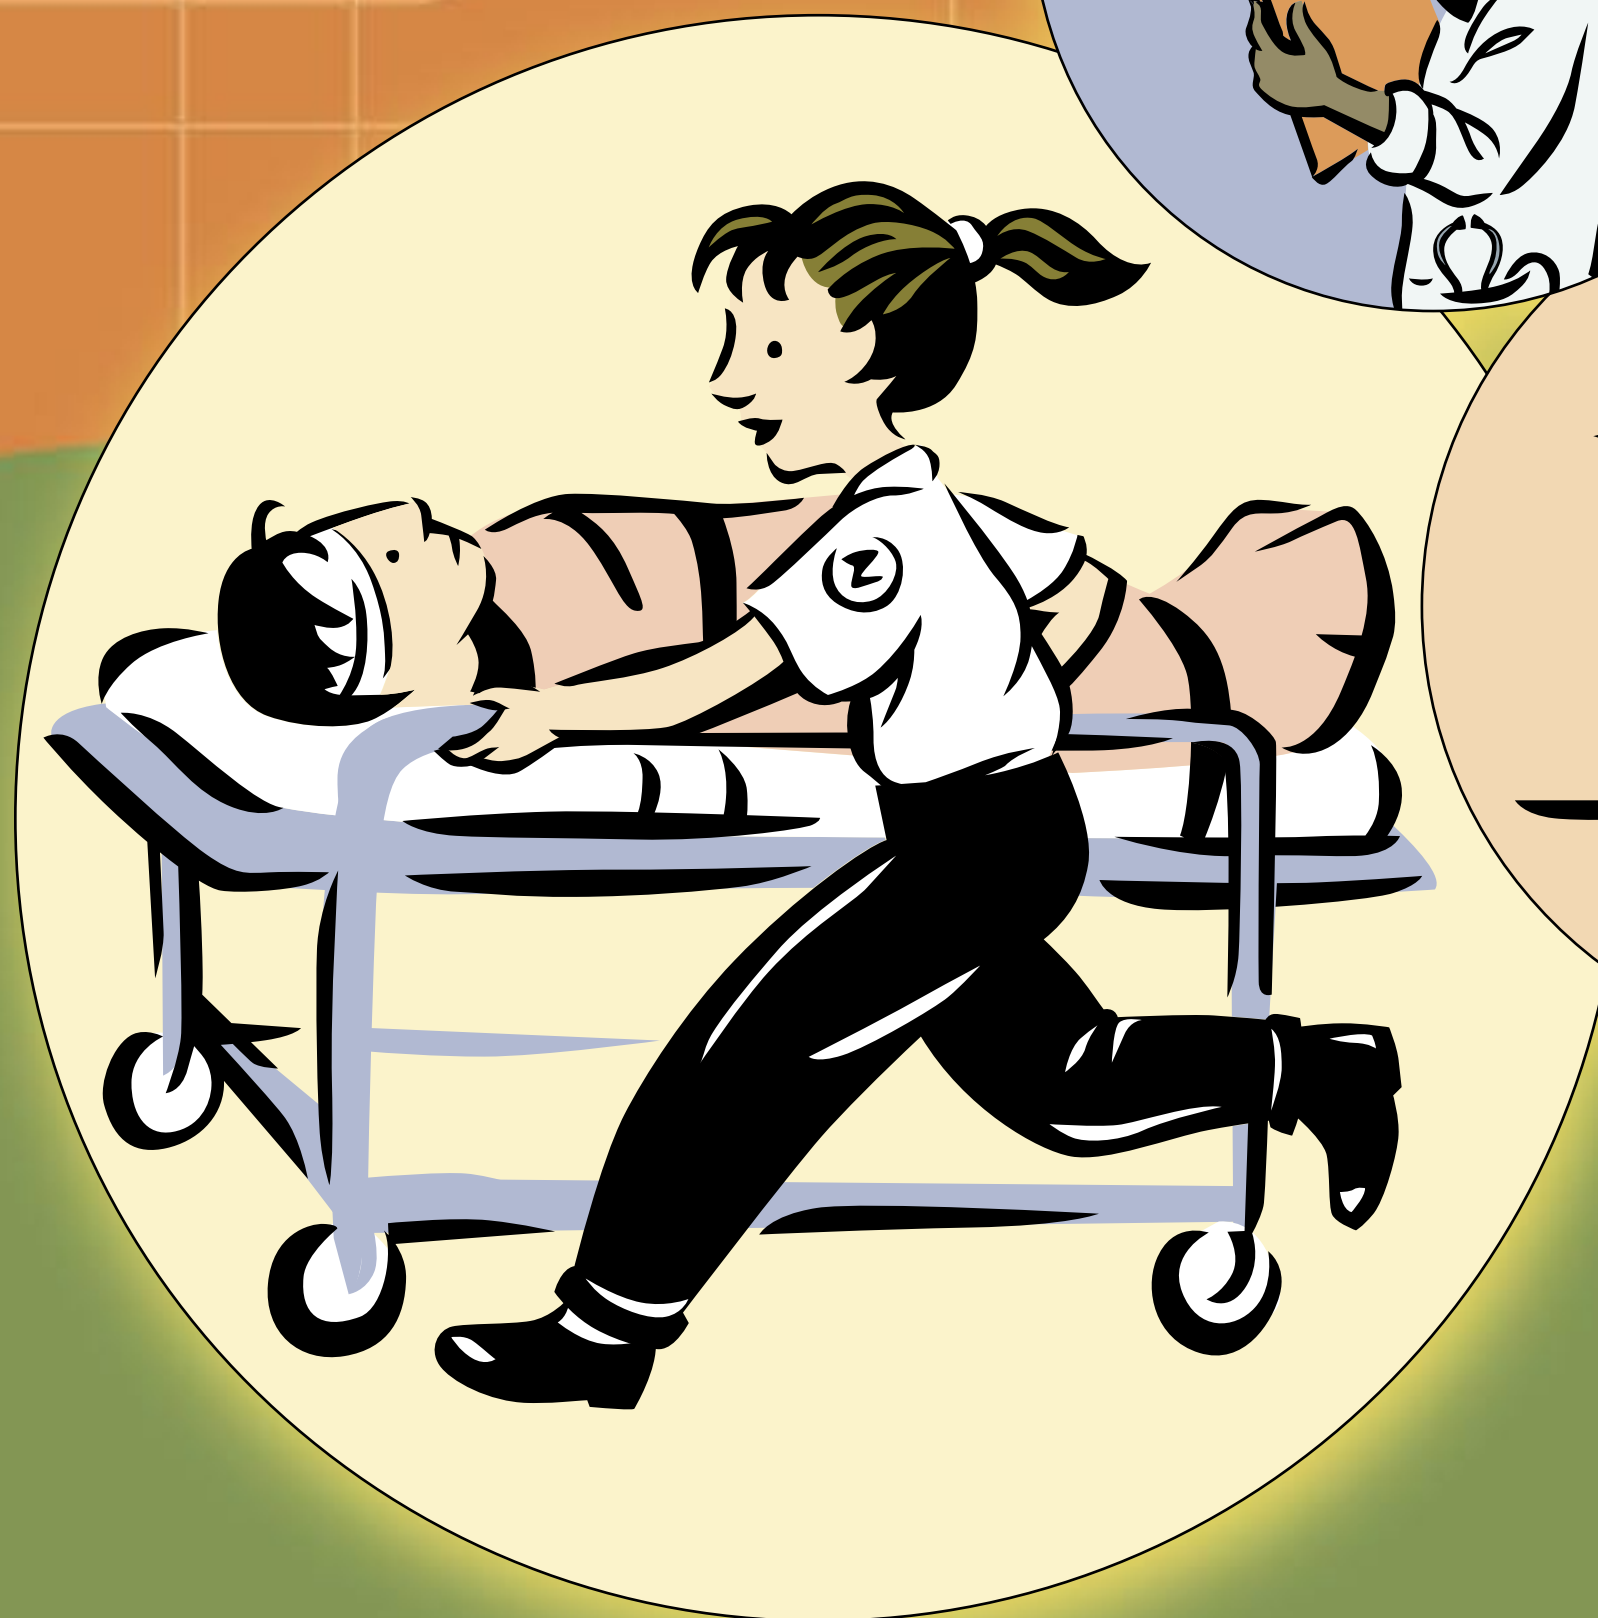

Allied Health Profession!

It's cutting edge...

It's challenging...

It's rewarding...

Sponsored by:

Health Resources & Services Administration
Bureau of Health Professions
Division of State, Community and Public Health
Allied, Geriatrics and Rural Health Branch
Allied Health Projects Program
Health Professions Network
Association of Schools of Allied Health Professions
National Network of Health Career Programs in Two-Year Colleges

You don't have to be a doctor or a nurse to have a career in healthcare. Talk to your guidance counselor, teacher, or parents about how you can get a job as an allied health professional! Or, visit the Health Professions Network website to read more about all the allied health professions at

www.healthpronet.org
