

RESEARCH, DISCOVERY, AND INNOVATION COMMITTEE CHARTER

Chair: Abiodun Akinwuntan

Champion: Brian Shulman

MISSION

To make ASAHP THE hub for interprofessional research collaboration and talent development in support of ASAHP's mission and vision.

DELIVERABLES

1. Create a platform and process to enable research collaboration and sharing of best practices among members
2. Create a repository of research experts and fund research mentorship
3. Fund pilot IPE research grants; promote research (IPS)
4. Publish research special issues/topics in ASAHP journal
5. Establish a Research Resource Center as a curated repository of advice and resources to faculty at all stages of research development

MEASURES OF SUCCESS

1. Number of research collaborations facilitated...
2. Repository and mentorship program established and launched by...
3. Pilot IPE research grants funded/created by...
4. Number of special issue journals published
5. Research Resource Center established by...

PRIORITIES FOR EXECUTION

1 Platform for Research Collaboration

1. Promote research collaboration between ASAHP members
2. Create opportunities to foster multi-center research trials
3. Create process and forum for sharing best practices on effective research administration
4. Test/trial collaboration platform and process (and adjust as necessary)
5. Finalize and operationalize process

PRIORITIES FOR EXECUTION

2 Research Mentorship

1. Create desired goals and outcomes for the mentorship program
2. Identify pool of mentors/experts (those with track record of successful grants and research publications)
3. Identify pool of mentees
4. Match mentors/experts and mentees
5. Develop research mentorship program and budget
6. Execute mentorship program
7. Collect data and feedback on success of program (adjust as necessary)

3 Scholarship and Research

1. Create theme for research initiative (translational, IPE impact on health – education or other relevant themes)
2. Create awareness for various funding opportunities such as NIH, NIDILRR, and HRSA
3. Create funding pilot opportunities for research in ASAHP
4. Invite submission for ASAHP pilot research funds
5. Create funding approval process
6. Provide PhD-based scholarship to promote research
7. Promote and publish at conference and publications and website

4 Publication

1. Determine special issue topics for journal (Ex. Diversity, non-traditional research)
2. Request abstracts
3. Select abstracts to be published
4. Publish special issues (how many per year? Quarterly?)

5 Research Resource Center

1. Define faculty/higher education research stages
2. Identify and gather research best practices, advice, and resources for each stage
3. Identify best online platform for creating the research repository
4. Populate research repository platform with resources
5. Distribute platform to members
